Class Description

Pre Dance (Ages 3-6) Monday- Friday 8-9am

Exploring the art of movement and dance through 4 different classes. Created not only to entertain and show your child a great time, but to build the foundation for a great dancer. In Dance Discovery, children will be introduced to the basic positions, genres, and movements in dance through games and fun exercises. In Story Time Dance students will learn how to express words and emotion using creative movement to interpret a story. Using popular children books to guide the class. Students will be demonstrating these stories on observation and sharing day. Animals can dance too! In our In the Jungle class we will be learning about animals from all over the world using dance to channel our favorite ones. Students will have a chance to bring in and share there favorite stuffed animal with the rest of class in our Me and My Stuffed Animal Class.

- **Pre Dance Observation and Sharing**- on the last day of class, parents and guardians are invited to watch as the Pre-Ballet class demonstrates what they've learned through out the workshop with a Story Time Ballet Performance. Parents will also have an opportunity to register for Fall Semester.

Junior Dance (Ages 7+) Monday- Friday 9-10:30am

Junior dance program is designed for younger dancers. With a fun yet challenging immersion into dancing, students will study technique and performance in three different styles of dancing: Ballet, Jazz, and Hip Hop. The goal of this program is to introduce new and curious students to the creative world of dance and movement. Learning and performing choreography is an important skill to have as a dancer, so students will have the opportunity to learn different dances to perform for parents on observation day.

Both Junior and Senior Dance programs will be taking a lesson from a special guest artist during the first week of classes.

Senior Dance (Ages 12+) Monday- Friday 10:30-12pm

Senior dance program is designed teens. Students will be taking core classes in Classical Ballet (Vaganova Method), Jazz (Contemporary and Broadway Style) and Hip Hop (Commercial). A Stretch and Improvisation class will be given twice during the session to: build body awareness, increase flexibility and strength, teach dancers how to improve outside of class, and to start building each individuals own artistry. Dancers will also have choreography classes to help build repertoire and to perform for parents on observation and sharing day. Both Junior and Senior Dance programs will be taking a lesson from a special guest artist during the first week of classes.

- **Junior and Senior Dance Observation and Sharing**- on the last day of class, parents and guardians are invited to watch as the Junior and Senior dancers demonstrate and perform choreography learned thorough out the session. Parents will also have the opportunity to register students for Fall Semester.
